

X2 Max

Classic Aesthetics Fresh Renewal

Auto-focus | 450 ANSI | 5W*2 | Native 1080P

Dual-band Wi-Fi 6

A new generation of essential player for viewing

The sound on the scene, enjoy viewing to the fullest

450ANSI
30% brighter compared to the previous X1

NEW

1080P physical resolution

Intelligent control hands-free
Auto-focus / Four points keystone correction

5Wx2 Speakers
Sound quality improved by 300%

NEW

Noise $\leq 35\text{dB/m}$

Flagship chip with no advertisement
Android 9.0

Dual-band Wi-Fi6
Latency reduced by 80% or so

NEW

No defocus more realistic images
3-pcs of light-concentrated pure glass optical lens

NEW

Innovative dust-proof design

Newly upgraded the pinnacle of work

High brightness and excellent color, no fear of comparison

The utilization rate of light efficiency is improved,
and the brightness is advanced again

Brightness increased by 30%

High brightness and vivid color No fear of comparison

Wanbo X2 Max

450 ANSI High brightness

High color saturation

Projectors in its price range

Low brightness

Low color saturation

3-layers high transmittance glass optical lens

Newly upgraded 3-layers high transmittance glass optical lens, lens analytical ability increased by 8 times compared to the previous generation, achieves higher transmittance and clearer image, the light path is uniform without dark corners

Large screen Experience large screen with cinema level

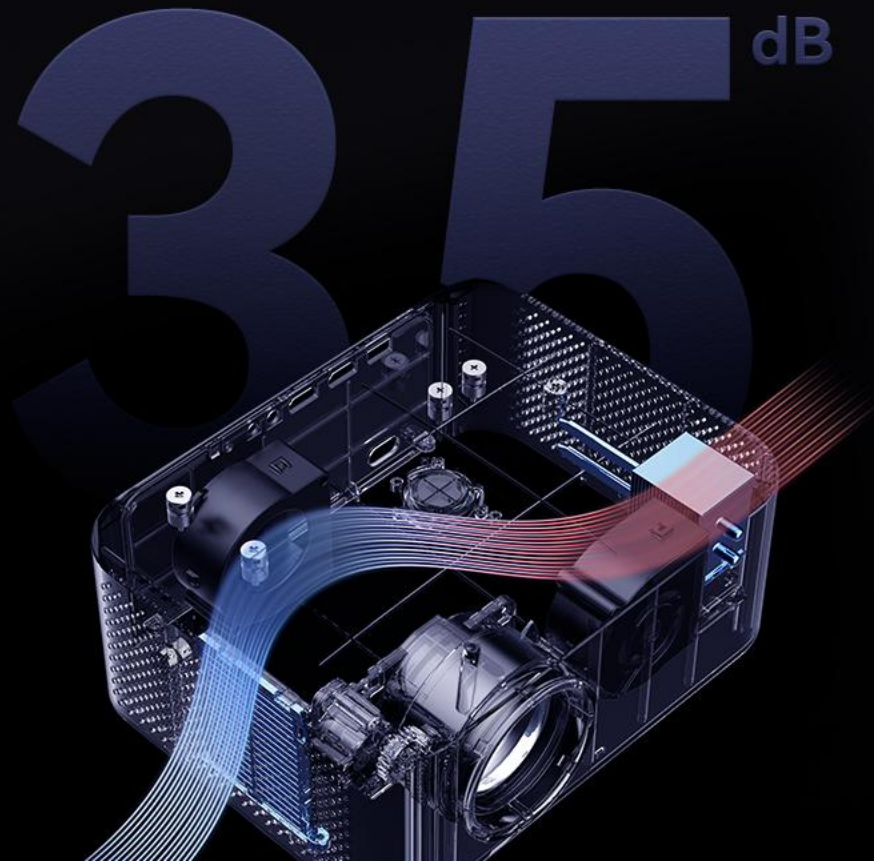

Equipped with 3-layers high transmittance glass optical lens, support projection distance of 1.2-3.6 meters, turn the small room to be your private theater at any time

Be away from noise enjoy pleasant voice

SHH! Away from noise!

Wanbo constant temperature dual air duct noise reduction, noise $\leq 35\text{dB/m}$, quiet and enjoyable, heat dissipation advanced, upgraded again

Powerful bass and soft midrange

Equipped with 5W*2 bass diaphragm full-range speakers, Every musical note that bursts out of the machine is a feast for our ears

Smart algorithms free your hands

Not all projectors support Auto-focus

Adopt Wanbo self-developed AI vision algorithm system, pictures keep clear when the machine turned on or moved

AI

Intelligent algorithm

Three axes

standard gyroscope

Right, right, right!

You're in the position C

Support four-points keystone correction / Auto-keystone correction up and down, adjust images square quickly

Low blue light technology protect eyes softly

A must-have for children's online lessons Eyes care habits at an early age

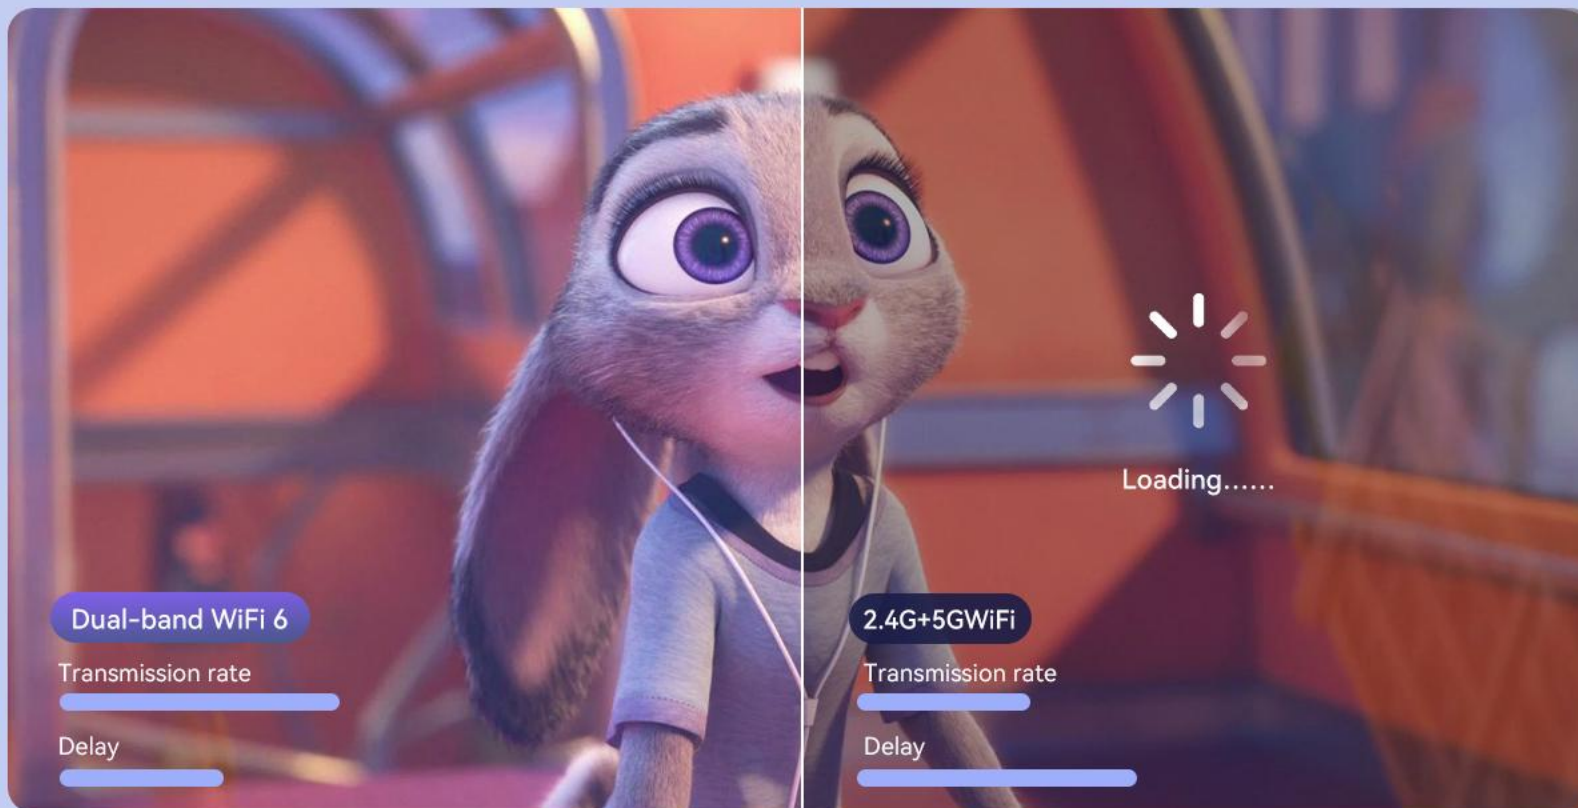

Low blue light for eyes care, reduces blue light reflection and eyes irritation with diffuse reflection imaging principle

Unlimited entertainment unlimited freedom

Watch movie or play games Smooth with no lag

WiFi 6 latency is reduced by 80% approximately, enjoy fluent fast movie with no waiting

Wireless projection

Start your binge-watching journey

No latency with projection of ios, Android, Windows View photos, watch TV series, watch movies, play games, on-line classes, Unlimited possibilities of playing with large Screen

Mobile screen projection
Miracast / Airplay / Eshare

Computer screen projection
Windows / Mac Os

Flagship chip with no advertisement when booting Android 9.0

Massive resources, you can't move your eyes Film / Music / Animation / Competition / Hot drama / Variety show

Basic parameter

Brand Wanbo	Product model X2 Max	Product color White	Product size 225×177.6×94mm
Projection technology LCD	Light source LED	Physical resolution 1920*1080	Projection size 40~120 Inch
Projection distance 1.2~3.6m	Keystone Correction Four-points keystone correction / Auto up and down	Focus Auto-focus	Projection scale 4:3 / 16:9
Projection mode Front projection / Front ceiling projection/Rear projection/Rear ceiling projection	Memory 1GB+8GB	System Android 9.0	Wi-Fi Dual-Band Wi-Fi 6
Bluetooth BT5.0	Speakers 5W*2	Port USB (1PCS) + HDMI (2PCS) + Earphone Jack (1PCS) + AV IN (1PCS)	

Packing list

Projector / Remote control / Power adapter / User manual

wanbo

SMART PROJECTOR FOR CREATIVE PEOPLE

Ten years accumulation of projection technology

Wanbo serves customers worldwide with

500,000users

We imagined electronic parties in amazon rainforest, dreamed about movie nights in the himalayas as well.

Entertainment is boundless, we encourage users to break boundaries, hope to be a window for you to explore the world, a key to unlock infinite possibilities.

Wanbo hopes to be the most "Free and Unlimited" brand in users' heart, as your imagination can determine our value.

Take Wanbo and explore mountains,
jungles and streams with your friends, accompanied by nature during the day time and with Wanbo at night.

EXPLORE INFINITE POSSIBILITIES OF LIGHT AND SHADOW

Enjoy The Unlimited
